Supportive Multi-Ability
Inter-Generational Life
Experiences

OUR STORY

SMILE provide day opportunities for older people, adults with learning disabilities and individuals who require specialist support.

We facilitate activities with local people and children, bringing generations together, to grow and learn for the wellbeing of our community.

OUR VISION

ENGAGE

SMILE day opportunities deliver fulfilling and innovative activities for adults of all ages. We unlock the potential within people and their communities.

We work in partnership with local people and other groups, supporting individuals to live well. We offer intergenerational experiences with playgroups, childminders and schools. We support volunteer, vocational and employment training opportunities.

SMILE offer a supportive learning environment for students on their social care placements, to gain experience of care for all ages.

EMPOWER

We support individuals to achieve personalised outcomes. We listen to ideas and suggestions which help us to offer a co-produced service.

We continue to diversify and grow. All individuals and the staff team evolve as SMILE services become part of a sustainable community.

We continually seek opportunities which offer individuals fulfilling life experiences.

ENHANCE

Connectivity and Collaboration - We engage in activities which build stronger, resilient communities.

Listen, Learn and Act - We listen to our communities and become part of the solutions to bring generations together.

Choice and Control - Individuals lead our services.

Celebrate - We celebrate successes and recognise all achievements.
